Activity Sheets

Reflection & Group Discussion

Every session combines legal grounding with practical HR insight and facilitator practice — using workplace cases, role plays, reflection, discussion and applied facilitation rather than theory alone. Participants leave equipped to lead POSH conversations, not simply understand the legislation.

Study Material

Presentation deck, case studies, templates, facilitation guides, session plans and a complete trainer toolkit.

Learning Management System (LMS)

Every participant receives access to Levitate PeopleSoft's dedicated LMS — a central learning and resource hub supporting the live certification programme throughout the learning journey.

The LMS brings programme resources together in one place, including recorded session access, module-wise learning resources, trainer toolkits, case materials, templates, downloadable resources and knowledge checks.

Module-wise quizzes and knowledge checks help participants reinforce key concepts, track their learning progress and prepare for the programme's assessment-based certification.

LEADERSHIP

About the Trainer

Parichita Kotnala

Founder & Managing Partner | Global HR Leader | POSH & POCSO Educator and Trainer

Parichita Kotnala is a global HR leader and learning facilitator with 15+ years of strategic HR experience across multinational organisations and diverse workplace environments spanning India, the United Kingdom, Europe, the United States and Canada.

Her experience spans employee relations, workplace culture, leadership development, performance, inclusion, people advisory and workplace compliance. Through Levitate PeopleSoft, she works with organisations and professionals on POSH awareness, Internal Committee capability building, workplace dignity and responsible workplace practices, bringing real organisational context into the training room.

Parichita is a certified POSH and POCSO Educator and Trainer. She is an alumna of XLRI – Xavier School of Management and the Indian Society for Training & Development (ISTD), with a Diploma in Training & Development recognised by the Department of Personnel and Training (DoPT), Government of India. She is also a certified soft-skills trainer through LifeLabs Learning, USA, with specialised training in Adult Mental Health First Aid from MHFA England.

Her facilitation combines legal clarity, practical HR judgement and real-world workplace application — preparing participants not merely to understand POSH, but to facilitate it responsibly and credibly.

ABOUT US

Levitate PeopleSoft

Levitate PeopleSoft is a workplace capability, facilitator certification and HR advisory organisation that works with professionals, organisations and institutions to build practical people capability for modern workplaces.

Our work spans Train-the-Trainer certification programmes, corporate learning interventions, institutional training and HR & workplace culture advisory — including Corporate Leadership Skills, behavioural skills, DEI, workplace wellbeing, POSH, POCSO and workplace compliance.

At Levitate, we elevate professionals into confident workplace facilitators and corporate trainers who can lead meaningful learning experiences with credibility and practical skill. Alongside our certification programmes, we partner with organisations and institutions to design learning interventions that strengthen workplace behaviours, build capability and translate learning into real-world impact.

Levitate's journey is strengthened by 35+ years of institutional HR legacy through Mr. Ravindra Prem Nath, former Chief Manager – HR at ONGC, together with Parichita Kotnala's 15+ years of global HR and workplace experience across India and international markets.

Our Purpose

To elevate trainers, transform workplaces and enable human-centred change — building confident facilitators and stronger workplace capability that lasts.

REAL VOICES

Testimonials

"The programme made DEI feel practical and relevant to real workplace situations. I especially valued the structured approach to inclusive conversations and everyday decision-making."

Aditi Malhotra

"The facilitation practice was the strongest part for me. The sessions helped me build confidence to handle sensitive topics, different viewpoints and challenging questions with greater clarity."

Rohan Bhatia

"I appreciated how the programme connected inclusion, psychological safety and belonging with actual workplace behaviour. The case discussions gave me ideas I can immediately use in my own sessions."

Meera Iyer

"A well-structured Train-the-Trainer programme that goes beyond DEI theory. I came away with practical tools for designing engaging sessions and facilitating meaningful conversations across differences."
